Every child is born with a strength to conquer the world. At ELI, we work diligently to preserve this quality in our mentees, to accommodate the dreams of these wonderful kids who deserve all the privilege the world has to offer.

With hope in the eyes, and a promise to meet again next year, we bid adieu to the little ones in a ceremony on the 22nd of Feb'2018. The past year has been a merry journey for both the mentors and the mentees. Teaching the tiny tots comes with great responsibility, the responsibility of shaping their future and influencing them to strive harder. This is what Ankur - ELI aims to do. Growth of the children, the mentors, and the society!

Last batch had a great year with some lovely memories.

It's your turn to be a part of this special initiative now :)

2017-18

Wish you all the best for this special journey

ANKUR ELI TEAM 2017-18

These special ones are waiting for you all!

THANK YOU
